Nothing says New England more than a hot bowl of chowder!

Each year, more than 4,000 people help Prescott Park Arts Festival kick off its summer season with New England's largest and oldest chowder tasting competition. More than **500 gallons** of piping hot chowder will be served up for tasting. There is **no entry fee** and we provide you with everything from on-air radio promotion to tables, cups, and advertising. You are free to hand out brochures and menus or other materials – anything to promote your restaurant to the lively throng of chowder lovers.
